Commissioner Roger Goodell
National Football League
280 Park Avenue
NY, NY 10017

Dear Mr. Goodell:

I was disturbed to learn that there is a potential bid by Rush Limbaugh to buy the St. Louis Rams and I would like to request a meeting with you to discuss the myriad of reasons as to why he should not be given an opportunity to do so. Rush Limbaugh has been divisive and anti-NFL on several occasions with comments about NFL Players including Michael Vick and Donovan McNabb and his recent statement that the NFL was beginning to look like a fight between the Crips and the Bloods without the weapons, was disturbing (New York Daily News, October 9th).

I commend the executive director of the NFL Players Association DeMaurice Smith for publicly asking that the League seek to unify not divide in a letter to the executive committee.

Mr. Smith courageously implored that the league reject divisiveness, and we, at National Action Network, and countless people across the country, strongly echo his sentiments.

I look forward to hearing from you to set up a meeting in the near future.

In Progress,

Reverend Al Sharpton
President, National Action Network
